

Franck J. Gérard, PMP

PROFESSIONAL PROFILE

Franck J. Gérard, PMP, is a skilled, accomplished leader with experience in project management, leadership development, strategic thinking, time management, instructional design and process reengineering. Committed to helping industry leaders and individuals attain their educational goals, Franck draws from nearly 20 years of experience in corporate training and education-related fields – delivering customized professional development learning programs, conducting performance improvement consulting sessions and speaking in various forums around the world. **A teacher at heart, Franck humbly reflects on teaching as his passion, gift as well as calling and often states that his primary objective is to add value to the lives of others by reaching out and enriching the lives of friends, colleagues and professionals.** Consistently recognized by peers as a confident and capable individual with strong leadership, motivational and organizational abilities, Franck relates well to all audiences, clients, students, associates and suppliers on all levels as he demonstrates the drive, desire and integrity to secure continued achievement in every business endeavor. As a result of his valuable expertise and contribution as a leader, Franck has traveled to more than 15 U.S. cities and 10 countries in Europe, Africa, Central America, the Caribbean's and the Indian Ocean for a total of over 40 trips.
